APPLICATION FORM

De Beers NWT Post-Secondary Scholarship Program

De Beers Canada is awarding a number of post-secondary scholarships valued at \$2,000 each to NWT post-secondary students.

Students must be an NWT resident, and enrolled or accepted into a recognized post-secondary institution for the 2014-2015 academic year in one of the following post-secondary programs:

- Mine Engineering
- Mine Geology
- Finance & Accounting (Commerce)
- Human Resources (Commerce)
- Occupational Health & Safety
- Environmental Sciences
- Metallurgy & Chemical Engineering
- Mechanical & Electrical Engineering

These scholarships will be awarded on the basis of merit, including academic achievement, supported by a high-school or post-secondary transcript for the previous academic year. Community service, leadership activities, and extra-curricular activities that demonstrate contribution to community life in the NWT is important and should be outlined in your application and supported with two letters of reference.

Following review of the successful applicants, DBC may offer one recipient a special sponsorship agreement that provides up to four years of significant financial support. This offer will include summer employment between school years and full-time employment upon graduation. This program requires the students selected for consideration to participate in an interview, and the student selected will enter into an agreement with De Beers and the terms of the sponsorship funds being provided. These will be discussed with the student selected.

Deadline for applications is 5:00 pm, July 31, 2014. Only students who submit fully complete application packages will be considered. Scholarship selection should be completed by the end of August 2014 and the scholarships will be awarded in September.
