

# Tłıchq Community Services Agency – Job Advertisement

---

The Tłıchq Community Services Agency is looking for positive and committed educators capable and willing to embrace the implementation of four key priorities/initiatives in the Tłıchq schools and classrooms: literacy/reading; health, wellness & student support; culture-based education; and the development of 21<sup>st</sup> century learners / critical thinkers.

In addition to eligibility for NWT teacher certification, other requirements are specific to the position. All positions are advertised in full on the Education Canada Network (<http://www.educationcanada.com>). Interested applicants are asked to submit cover letter, resume and names of at least three (3) references, including your current supervisor, to the email address or fax number identified:

## **Tłıchq Language Instructor – Elizabeth Mackenzie School** (TERM position)

- Term position for the 2019-2020 school year
- Location: Behchokq
- Elementary Tłıchq Language Instructor is required to teach Tłıchq, and other subjects as directed by need and school principal.
- The appropriate candidate will be prepared to actively promote self-regulation, culture-based education, and an inquiry-based learning model in the classroom.
- All classrooms are inclusive and comprise students who span varying ability levels so ideal applicants will be experienced in offering individualized student support plans and differentiated instructional strategies accordingly.
- TCSA has a regional-wide focus on literacy that aligns directly to the regional strategic plan in education, so the successful applicant must be prepared to include literacy strategies in their instruction across all subject areas.
- The most appropriate candidate will be an exemplary educator with cross-cultural experience and a strong commitment to community, students and a cross-cultural team environment.
- Flexibility, organizational skills, interpersonal skills, and a willingness to become involved in the Tłıchq way of life outside of the school is necessary.
- The TCSA embraces a philosophy of continuing professional learning and growth specifically tied to high levels of student learning. Candidates must be prepared to engage in ongoing collaborative and professional dialogue about their instructional, assessment, and reporting practice insofar as it relates to student learning. Active and positive participation in Professional Learning Communities are a required approach to ongoing professional growth in our Tłıchq region.
