Auditors' Report

To the Members of the Tlicho Assembly

We have audited the statement of financial position of the **Tlicho Government** as at March 31, 2006 and the statements of operations, changes in net financial assets and cash flows for the eight-month period then ended. These financial statements are the responsibility of the Tlicho Government's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these financial statements present fairly, in all material respects, the financial position of the Tlicho Government as at March 31, 2006 and the results of its operations, the changes in net financial assets and the changes in its cash flows for the eight-month period then ended in accordance with Canadian generally accepted accounting principles.

The Tlicho Government

Notes to Financial Statements

March 31, 2006

1 Legal authority

The Tlicho Government was formed effective August 4, 2005 and is the result of the successful negotiation of the Tlicho Land Claims and Self-Government Agreement (the "Agreement") that was approved by the Tlicho people. The Agreement was signed in Behchoko by representatives of the Tlicho, Federal and Territorial Governments on August 25, 2003.

On October 10, 2003, the Government of the Northwest Territories approved the Agreement and on December 7, 2004, the bill was passed by the House of Commons. On February 10, 2005, the bill received royal assent from the Governor General. On effective date, the Dogrib Treaty 11 Council and the administrative organizations from each of the four Tlicho Communities of Behchoko, Whati, Wekweeti and Gameti ceased operations and were succeeded by the Tlicho Government.

The assets, liabilities and surplus balances of the above noted organizations were transferred to the Tlicho Government on effective date.

Under the Agreement, the Tlicho Government owns a single block of approximately 39,000 square kilometres of land, including subsurface resources. The Tlicho Government will receive approximately \$152 million from the Federal Government which is to be paid over a period of 15 years, in addition to a share of resource royalties collected annually by Federal and Territorial Governments from activities in the Mackenzie Valley.

The Agreement also provides the Tlicho Government with a wide range of law-making powers on Tlicho lands and over Tlicho citizens on those lands and in the four Tlicho communities. The Tlicho and the Government of the Northwest Territories will co-operate to deliver key services, such as health care, education and other social programs and services, to all people living in the four communities.

2 Significant accounting policies

These financial statements have been prepared by management in accordance with generally accepted accounting principles as defined for local government entities in the Canadian Institute of Chartered Accountants Public Sector Accounting and Auditing Handbook. Because the precise determination of many assets, liabilities, contributions and expenditures are dependent on future events, the preparation of financial statements for a period necessarily includes the use of estimates and approximations which have been made using careful judgment. Actual results could differ from those estimates. These financial statements have, in management's opinion, been properly prepared within reasonable limits of materiality and within the framework of the accounting policies summarized below.

The Tlicho Government

Notes to Financial Statements

March 31, 2006

a) Fund accounting

The Government follows the restricted fund method of accounting. Fund accounting requires a self-balancing set of accounts for each fund, established by legal, contractual, or voluntary actions. The restricted fund method of accounting is a specialized form of fund accounting that distinguishes between funds that are restricted for specific purposes and funds that are unrestricted for general purposes.

The General Fund and the Program and Services account for the Government's unrestricted activities. The Capital Fund accounts for the Government's activities related to its capital assets. The DIAND (Department of Indian Affairs and Northern Development) Fund accounts for the Government's activities that are funded by DIAND. The Reserve Fund accounts for reserves that are established by the Government for future operating expenditures.

b) Reporting entity and principles of financial reporting

The Tlicho Government reporting entity includes the Government's operations and all other related entities, which are accountable to the Government and are either owned or controlled by the Government.

Incorporated business entities which are owned or controlled by the Government and which are not dependent on the Government for their continued operations, are recorded in the general fund of these financial statements using the modified equity method. These entities are 100% owned except as otherwise noted. The following entities are not dependent on the Government for their continued operations:

- Dogrib Nation TrustCo. Inc:
- Dogrib Power Corporation
- KeTe Whii Limited – 50% owned
- Tlicho Air Inc. – 52% owned

The assets, liabilities, revenues and net loss of these portfolio investments are not included in these financial statements. The March 31, 2006 financial statements for the Denedeh Development Corporation were not finalized at the time these financial statements were completed, therefore, information at March 31, 2005 has been presented.

d) Contributions

Restricted contributions are recognized as revenue in the year in which the related expenses are incurred.

Surpluses arising under certain Government of Canada contributions are restricted as the amounts may be repayable.

Unrestricted contributions are recognized as revenue in the year received or receivable if the amount to be received can be reasonably estimated and collection is reasonably assured. Unrestricted contributions received in advance of the period to which they relate are deferred and recognized as revenue in the period to which they relate.

Investment income is recognized as revenue of the General Fund in the year received or receivable.

The Tlicho Government

Notes to Financial Statements

March 31, 2006

e) **Temporary investments**

Temporary investments are investments that mature in one year or less and are stated at the lower of cost and fair market value.

f) **Property and equipment**

Property and equipment are recorded at cost, except for donated assets, which are reported at estimated fair market value. Vehicles, office equipment, computer equipment and leasehold improvements are amortized over their expected useful life of five years. Buildings and airstrip are amortized over their expected life of twenty years. Routine repairs and maintenance costs are expensed as incurred.

g) **Deferred capital contributions**

Capital contributions received from the Government of Canada are recorded as deferred capital contributions and are amortized to income on the same basis as the property and equipment acquired by the contribution.

h) **Deferred revenue**

The deferred contributions represent restricted operating funding received in the current period that is related to the subsequent period.

i) **Equity in property and equipment**

Equity in property and equipment represents the Tlicho Government's net investment in property and equipment, after deducting the portion financed by third parties through long-term capital borrowings, capitalized leases and other capital liabilities.

j) **Reserves for future expenditures**

Reserves are established at the discretion of the Tlicho Government to set aside certain amounts for future operating and capital purposes. Operating reserves are those which are generally established to fund one-time expenditures of an operating nature. Capital reserves are those which are generally established to fund one-time expenditures of a capital nature; the majority of which are committed to a specific purpose.
